

# SPREADS

Global Market Index Limited – 2021

## SPREADS

- 1. FIXED OR VARIABLE SPREADS?** GMI operates with variable spreads and apply no restrictions on trading during news releases.
- 2. FRACTIONAL PIP PRICING.** GMI also offers fractional pip pricing to get the best prices from its various liquidity providers. Instead of 4-digit quoting prices, clients can benefit from even the smallest price movements by adding a 5th digit (fraction).  
With fractional pip pricing you can trade with tighter spreads and enjoy most accurate quoting possible.
